07547741147
10 Wilton Grove
LS6 4ES, Leeds, England

Profile

Detail-oriented programmer with 4 years' experience devising adaptive solutions tailored and designed for flexible business & user requirements. Advanced programming knowledge complemented by a proven ability to assimilate and utilize technologies with efficient results.

Education

Lawnswood High School

2010-2017

- GCSE grades: 4 A's (including Computer Science and Mathematics) and 6 B's.
- AS grades: 2 B's.
- Grade B in Extended Project Qualification [EPQ].
- Tim Berners-Lee Award Computing/ICT, Lawnswood 2016.

Experience

Volunteer I.T Mentor MAECARE

Jun 2016-Jan 2017

Volunteered for an organisation in which I mentored I.T. skills to the elderly enabling them to manage and understand technology.

Work Experience Student Sky

Aug 2016-Aug 2016

Gained hand on work experience directly with software developers at Sky. The experience allowed me to understand to expectations of programming at an industrial level using the Agile software methodology.

Skills

Languages: Python, JavaScript, C++

Paradigms: Functional, Object-Oriented

Web Dev: HTML5, CSS, JQuery, Jekyll, Git

Hobbies & Interests

- Write and solve programming problems on codewars.com (ranked in top 1%).
- Frequently creating programming projects and increasing my knowledge of Computer Science by improving my abilities or reading around the field.
- Avid badminton player for seven years.
